## Multiplying Fractions Assessment

This test will show me that you know how to multiply fractions using an area model.

While taking this test:

- Complete each question using what you know.
- Be sure to **read carefully** through each question.
- You will be given **fraction bars** to use.
- Make sure to use **two different colors** to show the fractions.
- After you have finished, **estimate** the number of points you believe you have earned.

**Take a deep breath and have fun!**

Estimated Points: \_\_\_\_/40

Actual Points: \_\_\_\_/40

Review:

1. What is a fraction? (4 points)

2. Write an example of a fraction then build and draw it below using the fraction bars. (2 points)

 **Great Job!**  
\_\_\_\_\_/ 6
