

## **Sixth Grade Math Vocabulary**

Algebraic expression  
Calculate  
Circle graphs  
Conversions  
Data set  
Degrees  
Ellipses  
Empirical probabilities  
Equivalent  
Evaluate  
Greatest common factor  
Integers (positive/ negative)  
Least common multiples  
Line segment  
Linear equations  
Prime/Prime factors  
Properties  
Quadrilateral  
Ray  
Reciprocal  
Rotation  
Sample selection  
Scaling  
Sequences  
Skewed lines  
Spatial  
Square root  
Square units  
Statistical data  
Theoretical probabilities  
Transformation
