Read the blog and answer the questions

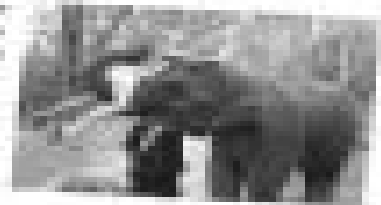

Kids around the world

Hi my name is Gino and I'm from Cape Town. The most beautiful city in South Africa! Cape Town has great mountains and fantastic beaches. I'm sure many of you have seen the big mountains (Mount Table Mountain). I love my city and I love my country! How exciting will it be to visit South Africa. My favourite animal is the elephant!

There are four seasons and the weather is beautiful, especially because the summer (June, July & August) is really so warm and beautiful. In winter, the sun makes it feel so good. September is the best! It is warm but not too hot, and it's not too cold. Our house is near the sea.

Everything is so nice. Most kids usually breakfast for one week before. We usually have eggs, cereal, yogurt, and apple juice. We always take the children to go to school. All the children have their own things, like books, coloring, drawing and painting. There are many activities in my class. My best friend is Gino. We like playing and singing, and we can play together very well. I sometimes have some friends from other schools. We always have fun in the school garden. Some children like reading and they love to be the children of a teacher. They are very happy and play with me.

On weekends I go to the beach and I love to play with my friends. I sometimes play at the beach. On Saturday I play with my friends and my brother. I love to play with my friends.

If you want to know more about your country, visit info@kidsaroundtheworld.com

1) Why does Gino like his city?

2) Where does Gino and his family live?

3) How does Gino go to school?

4) What are his favourite things?

5) How often does Gino have lunch at school?

6) What does she do at the weekend if the weather is bad?
