

## Idioms from More Parts by Tedd Arnold

Idioms have meanings that can't be figured out by looking up the words in the dictionary. They have meanings that are understood by people who speak that language, but are very hard to understand for people who don't speak that language.

Idiom	Meaning
"I'll bet that broke your heart."	
"Would you please give me a hand?"	
"It's sure to creek you up."	
"Hold your tongue."	
"He gets so nervous he nearly jumps out of his skin."	
"His baby sister screams her lungs out every night."	
"We thought you'd lost your mind."
