

## Making Your Project Display

Your project display will communicate to others what your project was all about. The display should be three-sided and have a brief description of the various parts of your investigation. You can make your display from poster board, or use a ready-made project display board. The pages that follow offer you an outline for a summary for your project display and a guide to writing a longer project report. Adapt your display to make it the best for your own project.

Please Note: Name  
Grade  
Teacher  
School

Must be written on the back  
of the display board.

Please do not put it on the front  
of the board - it will not be judged  
if name is visible.
