

## Write an explanation

Imagine that you have to **explain** what a banana is and where it comes from to someone who has never seen or heard of one. Write your **explanation** below. You may need to find out a few extra **facts** before you begin.

.....

After you have written your explanation, turn this page upside down, and check whether your explanation includes any of the information given below.

A banana is an edible tropical fruit. It is finger-shaped and has a yellow skin when ripe. We usually peel off the skin and eat the pulpy inside, which is creamy white in color.  
Bananas grow in chains on tree-like plants. They are grown in Africa, Asia, the West Indies, and Latin America and are exported all over the world.
