

Landmarks are recognizable natural features or man-made objects that are used for navigation. Many people will give directions using landmarks. For example, "Go down about a mile and turn right at the War Memorial. The park is just opposite the CVS near the hundred year old oak tree."

Directions: Complete the information about where you live. Think about the landmarks that are in your town. Where are they? What are they? What do you know about them? You might want to interview some family members about some of these landmarks. Choose two landmarks to draw and write about.

My Name: _____

My Town/City: _____

<p>Landmark: _____</p> <p>Man-made or Natural? _____</p> <p>Located: _____</p> <p>Some information: _____</p> <p>_____</p> <p>_____</p>
