

Name _____

Identifying changes in matter

Presto Change-O!

Each top hat contains a picture of a change in matter and a description of the picture. Write your magic word and decide whether the change is physical or chemical. Then enter your answer on the line at the top of each hat.

1. _____  breaking a pencil lead	2. _____  boiling of silver	3. _____  digesting food
4. _____  melting of an ice cube	5. _____  crumpling a piece of paper	6. _____  slicing a loaf of bread
7. _____  burning a match	8. _____  making lemonade	9. _____  rusting of a nail

Bonus Box: On the back of this paper, draw three more examples of changes in matter, including both physical and chemical changes. Then label each.
