

# Months and seasons 1.

1. Write the names of the seasons into the pictures and then write the months too.

Winter brings us snowman,  
Spring brings April fools,  
Summer brings us holiday,  
Autumn brings us school.

January March December  
April October September  
May February June  
August July November

2. Write down the rhyme.

And draw the candles. How old are you?

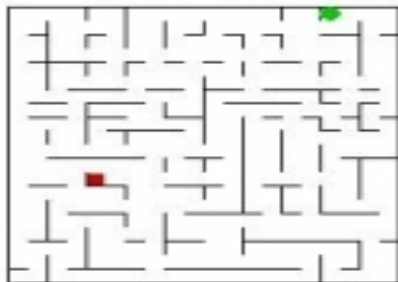

and \_\_\_\_\_

Tell me when your birthday comes: \_\_\_\_\_

3. Maze, find the way from the green circle to the red square.

4. Read and do.

Months of the year are easy to remember,  
They begin with January and end with December.  
January, February- turn around,  
March, March, March- touch the ground,  
April, May- jump in the hay,  
June, June, June- sing a merry tune, July, July -  
touch the sky. September - try to remember,  
October, November and then December.
