

WhoooooSe

**Checked their Work?**

I have checked for capitals at the start of a sentence.

I have checked for punctuation at the end of a sentence.

I have remembered to spell sight words correctly.

I have underlined words that do not look right.

I have had a go at spelling the word using my 'have a go' pad, word wall and class charts.

I have used paragraphs to separate my ideas.

I have re-read my writing and it makes sense.

I have had someone else check my work.
