Read the paragraph and answer the questions.

Peter Baker is from Birmingham but Paul and John are from London. They are Peter's friends. Most of the usual tourist centres in England, Windsor & Maidenhead are nice. "Cotnam's Top 10 Cities" includes Nottingham, Oxford & Cambridge. So what is from Germany, just one hour in England. There are some nice lakes like the Patterdale Lakes. They are in the north of the UK, and John Baker was on a trip to the Lake to visit his cousin Mark. One is a nice job. Peter and John Baker were in the hospital. I am not sure with my grammar.

1. Where Baker from London?
2. Where are Baker's other friends?
3. Are Birmingham and London cities in England?
4. Is Nottingham from England too?
5. Are John, Peter and Paul in the same class?
6. Baker is in hospital today?
7. Where are Mark and John Baker?
8. What is John's company?
9. Where's Peter's grandmother?
