

Name _____

Money Matters

Solve word problems with money amounts.

Use the information given to answer the questions.

The grocery store down the street just posted their new prices for fruits and vegetables.

| Vegetables | | Fruit | |
|------------|--------|---------|--------|
| corn | \$0.50 | oranges | \$0.50 |
| tomatoes | \$0.50 | pears | \$1.50 |
| peas | \$0.75 | bananas | \$1.00 |
| carrots | \$0.25 | apples | \$0.75 |

1. If I want to buy 3 oranges, how much money do I need? _____
2. Dad gave me \$5.00. She told me to buy 3 bananas and 4 tomatoes. Do I have enough money?

3. What foods have the same prices? _____

4. How much would it cost to buy 5 carrots, 2 bags of peas, and 3 pears?

5. What food costs the least?

6. What food costs the most?

7. I have \$3.50. What can I buy with that amount? _____
