

Multiplying by 10, 100 and 1,000: metric measure

1. Complete the table by converting the amounts in pounds to pence:

£	pence
5	
0.65	
7.35	
10.50	
18.08	
50.05	
100	

2. Put these in order of size (start with the smallest measurement):

a.

7,500 g	6 kg	0.2 tonnes
---------	------	------------

b.

0.25 km	550 mm	45 cm	200 m
---------	--------	-------	-------
