

Music Math!

Complete the problem below. Your answers should be in the form of numbers.

① $\begin{array}{r} \text{wavy line} \\ + \text{square} \\ \hline \end{array}$

② $\begin{array}{r} \text{quarter note} \\ + \text{quarter note} \\ \hline \end{array}$

③ $\begin{array}{r} \text{whole note} \\ + \text{quarter note} \\ \hline \end{array}$

④ $\begin{array}{r} \text{square} \\ + \text{quarter note} \\ \hline \end{array}$

⑤ $\begin{array}{r} \text{quarter note} \\ + \text{wavy line} \\ \hline \end{array}$

⑥ $\begin{array}{r} \text{quarter note} \\ + \text{quarter note} \\ \hline \end{array}$

⑦ $\begin{array}{r} \text{whole note} \\ + \text{square} \\ \hline \end{array}$

⑧ $\begin{array}{r} \text{square} \\ + \text{square} \\ \hline \end{array}$

⑨ $\begin{array}{r} \text{quarter note} \\ + \text{quarter note} \\ \hline \end{array}$

⑩ $\begin{array}{r} \text{quarter note} \\ + \text{square} \\ \hline \end{array}$

⑪ $\begin{array}{r} \text{square} \\ + \text{quarter note} \\ \hline \end{array}$

⑫ $\begin{array}{r} \text{wavy line} \\ + \text{quarter note} \\ \hline \end{array}$

Bonus: $\text{quarter note} + \text{square} + \text{quarter note} + \text{wavy line} + \text{quarter note} + \text{square} + \text{whole note} = \underline{\hspace{2cm}}$
