Essay Writing #1 – My Summer Vacation

(Grades 3-4)

Write about your summer vacation. These are some questions that you might want to ask yourself:

- What are some of the places you visited?
- Who are some of the people you met?
- What are some of the activities you participated in?
- What new adventures did you have?
- Did you learn any new and interesting things?
- What are some of your feelings about your summer vacation?
- What would you like to do next summer vacation (especially if it is something that you did not get to do this past summer vacation)?
