1. Reading: To my dear friend

Dear Nancy,

I live in Curitiba, but in a short time my family and I will move out. I will live in La Serena. My parents have told me that we need to move because my father will be promoted. He is a politician with a lower charge, but now he will be the head of the other politician.

It is a little complicated for me. Of course, I have to prepare my mind for that. I will have to leave my old house, the good moments that I spent there. On the other hand, I think that moving out is good. I will have new friends. Also, I will go to a new school. And my mother told me that we will go to the beach every weekend.

My sister also wants to move out. She said that she will enjoy a vacation a shiny day. She really likes the beach. I will go the beach with her and my mother.

My uncle will buy the house, so we will leave the furniture. Then, when we arrive at La Serena, my parents and I will go shopping and we will buy things to decorate our new house. We will begin a new life in a beautiful place. In La Serena I will study to be a doctor because doctors always are worried about people's health. Or maybe I will study to be a vet because I love animals. The thing is to study because I want to do something for people or animals. Well, I will wait for your visit. We will have a lot of fun. Take care!
