

# Big, bigger, biggest

Look below to see how we change the "amount" that an adjective expresses.

**Big** is an adjective.

**Bigger** is a **comparative** adjective.  
It is used to compare two things.

**Biggest** is a **superlative** adjective.  
It is used when comparing three or more things.

Complete the pattern in this table.

Adjective	Comparative	Superlative
old	older	oldest
young	.....	.....
soon	.....	.....
late	.....	.....
quick	.....	.....
slow	.....	.....

Now try these – but be careful!

Adjective	Comparative	Superlative
good	.....	.....
many	.....	.....
