	APRIL 11- APRIL 15		BENCHMARK EXAM		
8	April 18-June 2	33	Number Operations	28-31	May 11-12

Important Note:

Before you begin planning each unit, it will be imperative that you read the rationale and any article link for that unit. “Backwards Design Planning” will enable you to have a deeper understanding of each unit as a whole. Also, be sure to adhere to the focus and supporting benchmarks, as these are the student learning expectations.
