

## LOGIC

### RESOURCE TWO

State whether the following examples are of inductive or deductive reasoning.

All of your friends are good. You are therefore good, too.	
Honda makes wonderful cars. Let me show you this one.	
There is a law against smoking. Stop it now.	
Look at how those people are behaving. They must be mad.	
Gravity makes things fall. The apple that hit my head was due to gravity.	
Heading was 2000, lighting was 1777, parts were 222, which adds up to 4000. The revenue was 5000. This means we must cut costs!
