

### Polygon Puzzle!

The children's bodies were made up of many colorful polygons. But what happened to their colors? Can you help them? Look below to see the names of all the shapes that are hiding in the picture. Then use the color chart to help bring their colors back!

blue	right triangle	orange	pentagon	purple	rectangle
red	equilateral triangle	yellow	hexagon	black	square
brown	isosceles triangle	grey	octagon	pink	trapezoid
				green	parallelogram
