

## Rainforest Layers Worksheet

Name \_\_\_\_\_

**1. Which layer has the tallest trees?**

- A). Forest Floor
- B). Emergent Layer
- C). Understory Layer
- D). Canopy Layer

**2. Which layer receives the least amount of sunlight?**

- A). Forest Floor
- B). Emergent Layer
- C). Understory Layer
- D). Canopy Layer

**3. Which layer is most abundant in food?**

- A). Forest Floor
- B). Emergent Layer
- C). Understory Layer
- D). Canopy Layer

**4. Which layer has quick decay of twigs, leaves, and plants?**

- A). Forest Floor
- B). Emergent Layer
- C). Understory Layer
- D). Canopy Layer

**5. Trees form a canopy ceiling in what layer?**

- A). Forest Floor
- B). Emergent Layer
- C). Understory Layer
- D). Canopy Layer

**6. Which layer has small trees with huge leaves?**

- A). Forest Floor
- B). Emergent Layer
- C). Understory Layer
- D). Canopy Layer

**7. Which layer protects the rainforest soil from rain erosion?**

- A). Forest Floor
- B). Emergent Layer
- C). Understory Layer
