

Name: _____

Valentine's Day reducing fractions

What A Heart!

Follow these directions to color the heart:

1. Color fractions equivalent to $\frac{1}{2}$ red.
2. Color fractions equivalent to $\frac{1}{3}$ blue.
3. Color improper fractions equivalent to 2 purple.
4. Color fractions equivalent to $\frac{1}{4}$ pink.
5. Color the improper fraction equivalent to 4 red.
6. Write your name in the empty heart.
7. Color the shapes containing tiny hearts blue.

Bonus Box: You've just designed a new type of valentine that does a remarkable thing. On another sheet of paper, describe what it does. Include a picture.
