

# Pattern Perfect Train

Completing a pattern train

The princess loves playing around the castle with her pattern train. Help her complete the patterns on each train by deciding what shape comes next. Draw the figure.

③

④

⑤ Create your own pattern.

Collect a variety of items from around the house. Make "trains" of these objects by arranging four or five of them in a pattern, then repeating the pattern. Extend this activity by repeating the activity any number of times with different objects or with the same objects in a different order. You can also leave out a piece of the pattern and ask your child to finish it with a completed part.
