

## Student Budget Worksheet & Planner

### STUDENT FINANCIAL ASSISTANCE

Since costs vary from student to student, it is important that you evaluate your actual and/or anticipated expenses and plan accordingly. Use this worksheet to assist you. Estimate your expenses based on a nine-month period for the fall and spring semesters. The Student Financial Assistance office determines standard estimated cost of attendance for students based on a number of criteria. Visit [www.asu.edu/coa](http://www.asu.edu/coa) to determine your estimated cost of attendance. Once your financial aid has been awarded you can view your cost of attendance on ASU Interactive at [www.asu.edu/interactive](http://www.asu.edu/interactive).
