

A black and white cartoon illustration of a penguin standing on a small patch of ground. The penguin has a large, pointed beak and a single large eye. Above its head is a large, cloud-like thought bubble. Inside the thought bubble, there is a block of text. Three small circles lead from the penguin's head to the thought bubble.

PENGUINS ARE BLACK AND WHITE.  
SOME OLD TV SHOWS ARE BLACK AND WHITE.  
THEREFORE, SOME PENGUINS ARE OLD TV SHOWS.

GLASBERGEN

**Logic: another thing that  
penguins aren't very good at.**
