## **Production Worksheet**

What type of theatre company is producing your play: professional, amateur, school?

Where is your theatre company located (city, state)?

What type of theatre space will house your production? What does the stage look like? How many people can sit in the audience?

Who is your audience? Where are they located (i.e., what city or community)?  
What is the profile of a "typical" audience member (age, economic class, social/political concerns, etc.)?

What kind of budget do you have for your production? WMS productions have a budget of about \$750. Big professional theatres have a budget of \$500,000 to \$2 million. Your budget will affect how extravagant you can be with your designs.
