

# Discovering Butterflies

1. **Observe**  
Look for butterflies in your yard or garden. They are most active during the day.

2. **Collect**  
Use a net to catch butterflies. Be gentle and avoid touching their wings.

3. **Identify**  
Use a field guide or online resources to identify the species of butterfly you have collected.

Name: \_\_\_\_\_

Location: \_\_\_\_\_

Date: \_\_\_\_\_

4. **Release**  
Release the butterfly in a safe area. Do not release it near roads or buildings.
