NOTES

- **Elective courses listed on back**
- Students must take at least 1 year of Spanish to graduate. Students planning to take 4 years of Spanish need to take Spanish 1 as 9th graders; all others should wait until 10th or 11th grade.
- Students must take 1 semester of Media to graduate (starting Class of 2009)
- Students must take 1 semester of Fine Arts (Choir, Band, Art I, Drama, or Photography) to graduate
- Students must take a semester of Basic Computer Skills if they did not complete the course in Junior High
- Students may take up to 2 study halls each semester. (Most students find it helpful to take 1 study hall.) It is possible (though not advised) for a student to take 2 study halls every semester of high school and still have enough credits to graduate.
- Each semester course passed is worth 1 credit. Students need 48 credits to graduate.
