

Name: _____

**CHAPTER 3 WORKSHEET
(BIOLOGICAL MOLECULES)**

TABLE 1: NAME THE FOUR GROUPS OF ORGANIC MOLECULES AND MAIN FUNCTIONS. (PG 40)

organic molecule	Main Functions
Carbohydrates	_____ _____
Lipids	_____ _____
Proteins	_____ _____
Nucleic Acids	_____ _____

GENERAL QUESTIONS:

1. What process is used to break down a large organic molecule into two smaller ones?

2. What process is used to take two small organic molecules and build a large one?
