

1. **Line 100:**

1. How does the 10 to 11? What's the theme of lines and the center of original journal?
2. How is the center of a journal typically structured?
3. What's the story about Linné's life?

1. There were young friends of Linné
Others graduated from the University of Uppsala
But the rest of the world
Linné's, through his work
The scientific revolution of Linné

2. There were young friends of Linné
Others graduated from the University of Uppsala
But the rest of the world
Linné's, through his work
The scientific revolution of Linné

3. A career increasingly came
One morning, Linné's life changed
"Linné's life
Linné's life
But a career's not really started"

4. There were young friends of Linné
Others graduated from the University of Uppsala
But the rest of the world
Linné's, through his work
The scientific revolution of Linné

5. There were young friends of Linné
Others graduated from the University of Uppsala
But the rest of the world
Linné's, through his work
The scientific revolution of Linné

6. There were young friends of Linné
Others graduated from the University of Uppsala
But the rest of the world
Linné's, through his work
The scientific revolution of Linné

7. There were young friends of Linné
Others graduated from the University of Uppsala
But the rest of the world
Linné's, through his work
The scientific revolution of Linné
