

# Early Childhood Comprehensive Systems Planning

## Creating Needs Statements

What are our Major Findings? (Who is affected and to What Extent?)	What is the Need in the Community? (Indicate if Selected or Universal)	Are there Activities/Practices already being conducted that address this identified community need? (If "yes," explain further)
<i>Example: There are fewer than 30 Early Head Start slots for every 100 children in the Wichita MSA who are age 0-3 years and below 100% of poverty.</i>	<i>Example: There is a need for additional Early Head Start slots across the Wichita MSA.</i>
