

ROCKS: THE GREAT MARCHES

Large rock shelters were used by early humans and probably still are. Some people lived in them, and others used them as places to store their things. Some people used them as places to make tools. Some people used them as places to make fire.

Some people used them as places to make tools. Some people used them as places to make fire. Some people used them as places to make tools.

Some people used them as places to make tools. Some people used them as places to make fire. Some people used them as places to make tools.

Some people used them as places to make tools. Some people used them as places to make fire. Some people used them as places to make tools. Some people used them as places to make tools. Some people used them as places to make fire. Some people used them as places to make tools.

Some people used them as places to make tools. Some people used them as places to make fire. Some people used them as places to make tools. Some people used them as places to make tools. Some people used them as places to make fire. Some people used them as places to make tools.

Some people used them as places to make tools. Some people used them as places to make fire. Some people used them as places to make tools. Some people used them as places to make tools. Some people used them as places to make fire. Some people used them as places to make tools.

Some people used them as places to make tools. Some people used them as places to make fire. Some people used them as places to make tools. Some people used them as places to make tools. Some people used them as places to make fire. Some people used them as places to make tools.

Some people used them as places to make tools. Some people used them as places to make fire. Some people used them as places to make tools. Some people used them as places to make tools. Some people used them as places to make fire. Some people used them as places to make tools.

Figure 1 shows the different ways in the garage by tracking within storage boxes.

- (1) A person who is sitting on the floor of the garage.
- (2) A person who is sitting on the floor of the garage.
- (3) A person who is sitting on the floor of the garage.
- (4) A person who is sitting on the floor of the garage.
- (5) A person who is sitting on the floor of the garage.
- (6) A person who is sitting on the floor of the garage.
- (7) A person who is sitting on the floor of the garage.
- (8) A person who is sitting on the floor of the garage.
- (9) A person who is sitting on the floor of the garage.
- (10) A person who is sitting on the floor of the garage.
- (11) A person who is sitting on the floor of the garage.
- (12) A person who is sitting on the floor of the garage.
- (13) A person who is sitting on the floor of the garage.
- (14) A person who is sitting on the floor of the garage.
- (15) A person who is sitting on the floor of the garage.
- (16) A person who is sitting on the floor of the garage.
- (17) A person who is sitting on the floor of the garage.
- (18) A person who is sitting on the floor of the garage.
- (19) A person who is sitting on the floor of the garage.
- (20) A person who is sitting on the floor of the garage.
