

### 4 Classes of Organic Macromolecules

Use p. 95-104 & 229-230 to fill in the following chart.

<b>Organic Compound</b>	<b>Monomer</b>	<b>Polymer</b>	<b>General Function(s)</b>	<b>Example(s)</b>
Carbohydrates	Monosaccharides (simple sugars)			
Lipids		_____		
Nucleic Acids				DNA, RNA
Proteins		Polypeptide
