

Algebra I
Writing Algebraic Expressions and Verbal Statements Worksheet

Addition	Subtraction	Multiplication	Division
plus	minus	times	Divide
greater	less than (at the END)	product ___ and ___	quotient ___ and ___
increased	Decreased	of	
sum (___ and ___)	difference (___ and ___)	twice → 2 times	
total	take away		
more			

Write two verbal statements for each algebraic-expression.

1. $3x + 4$ _____

2. $3(x - 4)$ _____

3. $\frac{2}{3}x^2$ _____

4. $\frac{x}{4} - 6$ _____

5. $2c + 1f$ _____

6. $(3x^2 - 1)$ _____

7. $\frac{1}{2}x + 6$ _____
