

**This is me ready  
for the voyage.**

We began our voyage by packing up our supplies needed for the long trip. We tried to take enough food to last for the entire journey. We brought dried meat, fish, and crackers.

We also took items to trade in the new world. We brought beads, bells, mirrors, and gold.

**How do you  
think the men  
felt before the  
voyage to the  
new world?**
