

Name _____

The Great Shape-Up
Classifying geometric figures

Shaping Up

Get these groups of figures into shape!
Study the figures in each group.
Then draw an **X** on the figure that does not belong.

 B	 E	 G	 J
 T	 R	 O	 A

What a workout!

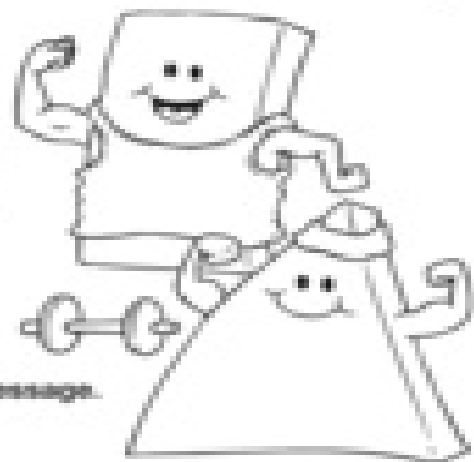

Now choose the best title for each group.
Write the matching letter beside each title.

- _____ Rectangles
- _____ Open Figures
- _____ Plane or Flat Figures
- _____ Figures With Curved and Straight Lines
- _____ Four-Sided Figures

- _____ Figures With Curved Lines
- _____ Five-Sided Figures
- _____ Three-Sided Figures

How did you do?

Read the letters from top to bottom to find a message.
Write the message below.

Bonus Bear: For each group of figures above, draw another figure that would fit into the group.
