

5th Grade Science—Glencoe Series Name _____

1. Find the table of contents (front of book). Write down the title and page number of chapter 8. _____

2. Stay in the table of contents. Ask your neighbor what their favorite chapter is and write it down. _____

3. Find chapter 4, section 1. Sometimes we ask, "Why is this important?" Look under the "as you read" and write down the answer.

4. Look around the room for a vocabulary word on the wall. Get the word and look it up in the glossary (back of the book). Write the definition down then put the word back on the wall.

5. Reading checks are questions within the reading that help you understand what you're reading. Find a "reading check" in any chapter and write down the question.

6. List two NEW vocabulary words presented in chapter 4 section 2.

7. Look at page 181. Where can you find more information about deep-sea vents? _____

8. Suppose you needed information on aminocides. Where would you look to get the page number? _____ What page would you look on? _____

9. You need to know the Spanish word for "tide". Find it in your glossary and write it down. Find another Spanish word and share with your neighbor. _____
