

Tuesday March 20

They took the pre test to see if how much growth had occurred over time.

Tuesday March 13

We went over the quiz from Friday. They might have some homework to finish from yesterdays class work.

Monday March 12

We did more problems and worked on the worksheet from Friday.

Friday March 9

They took a quiz and had a worksheet for homework.

Thursday March 8

We worked on and went over a practice quiz.

Wednesday March 7

We did more quadratic formula problems.

Tuesday March 6

They worked on a set of 10 problems over solving x squared equations. They should have finished it in class. If not, then the rest were homework.

Monday March 5

We went over how to use the quadratic formula.

Thursday March 1st and Friday 2nd

Mathography and acuity.

Wednesday February 29

They took the 3rd 9 weeks test.

Tuesday February 28

We will go over the practice test.
