

**Grade 6 Summer Math Challenge**

Dear 6<sup>th</sup> Grade Student,

There are 71 days from the end of this school year until the beginning of school in September. You are being challenged to complete the following math worksheets during the summer vacation. This is a review of all you have done in 6<sup>th</sup> grade, and you only have to do fewer than 2 problems a day!

All you have to do is complete this packet and return it to your math teacher in September. Schools will reward students who complete the challenge in the same way they reward students who complete the Summer Reading Challenge.

**Are you up to the challenge?**

<b>Question</b>	<b>Answer</b>	<b>Question</b>	<b>Answer</b>
