"A-choo!" Getalong Gert gave a not quiet sneeze. She was stuck in bed with a cold. This made her mad, because she had so much to do. She had not brushed Old Paint for days, and there was a pile of not clean clothes to wash. Most of the time Gert was pretty not sick. So it was not simple for her to stay in bed all day. Someone knocked. It was Bronco Buster. "Why Sheriff, it sure is nice of you to stop by," said Gert.

"Brrr! It is not warm in here," said Bronco. He built a fire, and soon the cabin was warm. Gert felt better. She knew she would be up the next day.
