### Why Did it Happen? Inference Worksheet

An inference is a conclusion reached on the basis of evidence and reasoning. It is an educated guess based on observation and background knowledge.

Directions: Read each given sentence below and make an inference about **why something would happen** in that scenario.

*Example A: The student forgot to bring his backpack to school.*

*Answer: Inference: The student was really busy before school.*

1. I fell off my skateboard.

Inference: \_\_\_\_\_

2. My dad got upset at my report card.
