

Checking the Thermometer
Use the thermometer to the weather with the action poem!

Checking the Thermometer

Hot,	Stand tall and extend arms over head.
Cold,	Kneel down.
And in between--	Stand and put arms at side.
A thermometer shows	Cup hands around eyes.
the weather routine.	Look left and right.

When the temperature is cold,	Shiver as if cold.
Down the red line goes!	Kneel down.
When the temperature is hot,	Wave arms.
That line goes and goes!	Stand tall and extend arms over head!
