

University of Phoenix Material

Learning Objectives: Research Methods

Topic	Introduction	Methods	Design	Analysis
<p><b>Introduction to Research Methods</b></p> <p>Identify the various types of research methods and the strengths and limitations of each. Discuss the ethical considerations of research involving human subjects. Explain the importance of research design in conducting a study. Describe the various types of research designs and the strengths and limitations of each. Explain the importance of research design in conducting a study. Describe the various types of research designs and the strengths and limitations of each.</p>	<p>Identify the various types of research methods and the strengths and limitations of each.
