Dear Mr. Moran,

This letter is intended to continue our conversation concerning my interest and my engagement with Proedge Corporation. I have reviewed your company's structure of the company as it stands and will remain within the company and I believe I have made a decision. However, I have decided to resign my position, effective September 17, 2012.

I understand that the company will now bear the burden of implementing my resignation. I believe it is my duty that I will continue to assist in the transition. I am sure that Proedge's success is still in your hands for the time being and I will continue to support you from behind the scenes. Proedge has been a wonderful place to work, and I hope you will continue to be successful. I wish you and the rest of my team the very best for your future.

Always,

Chris Cingler

Respectfully,
