

Myer Froyer looks at your situation
But I wish, had I
Like I always do
"Clear intentions, rather straightforward plan"

It was not just kind of something
When I called you out right from the gate
All I do is talk, nothing and then
"Talking more, listening the last time"
"Talking more, listening the last time"
"Talking more, listening the last time"
"Talking more, listening the last time"
"Talking more, listening the last time"
"Talking more, listening the last time"
"Talking more, listening the last time"
"Talking more, listening the last time"

Myer Froyer looks at your situation
But I wish, had I
Like I always do
"Clear intentions, rather straightforward plan"

Myer Froyer looks at your situation
But I wish, had I
Like I always do
"Clear intentions, rather straightforward plan"
