the art of **SILLINESS!**

An Online Workshop with Carla Sonheim

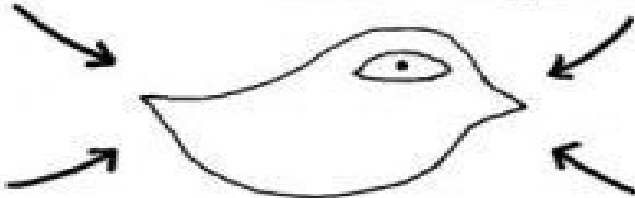

April Fool's Day 2010

Because "silly" is the new black.

Drawing Exercise #1

On a separate piece of paper,

DRAW THIS BIRD

A ZILLION TIMES

... or for about five continuous minutes,
whichever comes first.

BUT, you have to do it one of these three ways:

- 1 - with your non-dominant hand
- 2 - with your eyes closed
- 3 - or both

EXTRA CREDIT

Look closely at the birds you have drawn. See how they are all the same, but different? Even though they all look " alike," they each have their own unique personalities. Now go to your journals (or a fresh piece of paper) and draw your OWN best-extended family. Color or paint as desired.

Don't birds
EAT ants?

FLEEP LIST

What's a Fleep List? Fleep Lists consist of nonsense words. Make up words - silly words. Words that start with the last letter of the previous Fleep Word. (You have one minute... GO!)
