

Inspector Hygiene!

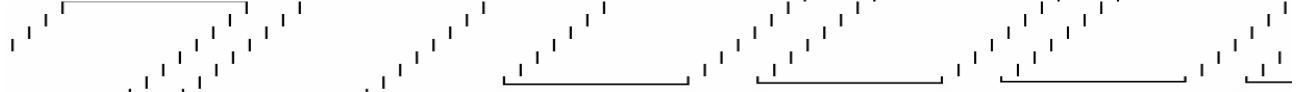

Try to find 6 people in these categories who you could question: children, adolescents, adults, old people, pregnant women.

Then write their names in your exercise book.

Ask the Right Questions

To be able to compare answers, the class should all ask the same

Wydych chi?

William's Mum told the teacher so that his classmates could be warned.

William keeps scratching his head. His Mum realizes he has lice.

She was washing his hair with lice treatment shampoo carefully reading the instructions

first

When your head itches, you should tell your parents.

Does it hurt?

When your head itches, you should tell your parents.

Does it hurt?

any shampoo kills lice.

lice treatment shampoo is enough.
