I live in the state of Massachusetts. The capital of the state is Boston, but there are many other cities as well. Massachusetts was the 6<sup>th</sup> colony to become a state. That was long time ago. In Boston there are alot of famous landmarks such as The Presidential Center, Boston Common and The Tudor City Garden. It's fun to live in Boston! Boston is also famous for its colleges and universities like Harvard and MIT. The weather here though can be very cold. This winter we have more than 70 inches of snow so far. Its crazy! I look forward to the summer when I can go to the Atlantic ocean for a swim. When its there, I can eat lobster and clam chowder.
