

## Water Everywhere!

• • •  
Spinner and  
Answer Key  
Guide

Use the following as a guide for making the Answer Key:

### Precipitation

- hail
- rain mist
- rain shower
- sleet
- snow

### Condensation

- cloud
- dew on grass
- foggy mountains
- foggy window

### Evaporation

- steamy lake
- steamy road
- shrinking puddle

Assemble the spinner using a brass fastener as shown. Laminate the water drop so it spins easily. If you do not laminate, glue a paper clip to the back of the water drop, then insert brass fastener. Make sure the spinner moves easily.
