GROUP MEMBERS:

1. _____

2. _____

3. _____

4. _____

Goal: To learn about slope fields.

1. Sketch the slope field for $y' = t - y$

Each person in turn calculate the slope at the given point and then draw a small segment with that slope at the appropriate point on the graph.

Person	Point	Slope
1	(0,0)	
2	(1,0)	
3	(1,1)	
4	(0,1)	
1	(-1,1)	
2	(-1,0)	
3	(-1,-1)	
4	(0,-1)	
TEAM	(1, -1)
